

smooth, precise, 4-way articulation

Hawkeye V2 Video Borescopes have a proprietary articulation design resulting in a smooth, tactile feel and precise orientation. Laser welded joints provide strength and durability. Aircraft and Power Generation maintenance teams can quickly and easily inspect turbine blades, combustion chambers, cooling tubes, and much more, all without the need for costly and time consuming engine and system tear-down. Foundries can inspect for flash, sand, and voids inside complex castings.

Hawkeye V2 Video Borescopes deliver the same image quality, portability, and articulation of scopes costing twice as much.

Using the optional Close-Focus Tip, fine cracks are detected inside a combustion chamber.

everything you'll need,  
all in a sturdy, lockable, carrying case

1. Monitor Battery Charger
2. Monitor Spare Battery Charger
3. Hawkeye® V2 Video Borescope
4. USB Cable
5. Video Cables
6. Optional Tips
7. V2-LED Light Source & Spare Batteries
8. V2-LED Light Source Charger & Batteries
9. Spare Monitor Battery
10. 2 GB SD Memory Card
